

With the care of our environment becoming more of a priority for everyone, customers are requested to recycle as much as possible and dispose of waste products and materials responsibly to reduce the amount of waste that goes to landfill.

“Hamleys have joined the Veolia WEEE Distributor scheme, to fulfill our WEEE distributor obligations in accordance with The Waste Electrical Equipment (WEEE) Regulations. Consumers can determine their nearest recycling/waste depot by searching on the www.recycle-more.co.uk web site.”

Recyclable materials include

Composting Glass Metals Paper & Cardboard Textiles Car & components Construction & Demolition Liquid Chemicals Plastics Waste Electronics & Miscellaneous Waste products

Recycling your old electricals is easy!

Recycle your electrical and electronic devices free at your local recycling centre.

To find your nearest centre, visit the Recycle More website and type in your postcode.

Why recycle?

Unwanted electrical equipment is the UK's fastest growing type of waste. Many electrical items can be repaired or recycled, saving natural resources and the environment. If you do not recycle electrical equipment will end up in landfill where hazardous substances will leak out and cause soil and water contamination - harming wildlife and also human health.

We're proud to support your local authority in providing local recycling facilities for electrical equipment.

To remind you that old electrical equipment can be recycled, it is now marked with the crossed-out wheeled bin symbol. Please do not throw any electrical equipment (including those marked with this symbol) in your bin.

What is WEEE?

The Waste Electrical or Electronic Equipment (WEEE) Directive requires countries to maximise separate collection and environmentally friendly processing of these items.

How are we helping?

In the UK, distributors including retailers must provide a system which allows all customers buying new electrical equipment the opportunity to recycle their old items free of charge. As a responsible retailer, we have met the requirements placed on us by financially supporting the national network of WEEE recycling centres established by local authorities. This is achieved through our membership of the Veolia national Distributor Take-back scheme (DTS).
